DETAILED ACTION

REASONS FOR ALLOWANCE

Claims 1-8 and 11-13 are allowed.

The reasons for allowance for claims 1-7 was given in previous rejection filed on 9/29/2005.

The following is an examiner's statement of reasons for allowance: claim 8 is allowed because of the prior art, either singly or in combination, fails to anticipate or render obvious, the method, including steps of forming a blocking layer on the SiC layer, wherein the blocking layer is formed by Ar plasma comprising fluorine substance hitting the SiC layer and is used to prevent unpolymerized precursors diffused out from the low-k dielectric layer from contacting an overlying resist. These features in combination with the other elements of the claim are neither disclosed nor suggested by the prior art of record.

Claims 11-13 depends from claim 8 so they are allowable for the same reason.
